2 Install required package

3 Make ppt and write speaker's notes

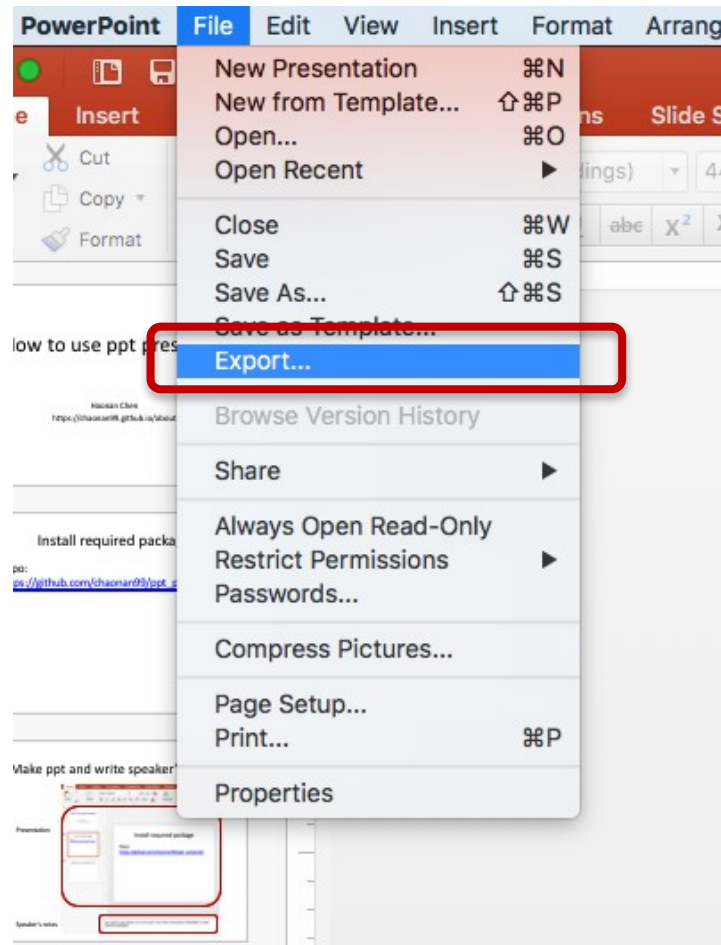

Repo:
https://github.com/chaonan99/ppt_presenter

You need to have Python to run the script. First, follow instructions in README to install required packages.

Speaker's notes

Save ppt and export to pdf

Export to pdf

Run the script

```
$ python ppt_presenter.py --pptx test.pptx --pdf test.pdf -o  
test.mp4
```
